On The Cutting Edge...

Little Wonder Pro Edgers are ideal for busy landscaping and grounds maintenance professionals that need to make edging jobs more time and cost-efficient. Little Wonder power edgers are engineered with the professional in mind, with tough steel frames, cast iron cutter head housing, 10" reversible blades, and a choice of hardworking engines that induce a cutting speed of 90-feet per minute. The units are user-friendly with fingertip controls and a ratchet-arm height adjustment system for fatigue-free operation and control.

Little Wonder offers three professional edger engine models to choose from: 4 hp Pro Honda (Model #6232), 3.5 hp Pro Briggs (#6032) and a 3.5 Pro Briggs IC (#6132). All Pro Edgers feature dual-drive belts, a 1-9/16" cast iron locked cutter head, and steel hubbed wheels.

Little Wonder also offers a Deluxe Edger (Model #6002). A sleek, lighter weight unit that features a hard working 3.5 hp Briggs engine and an adjustable rotating cutter head (rotates up to 120 degrees) for angled edge cuts or horizontal trimming around buildings, trees and fences.

All Little Wonder Pro Edgers Feature:

- Fingertip controls, thanks to unique ratchet-arm height adjustment system
- 10" double-edge reversible blades
- Full cutting power at all depths
- Full axles - front and back
- Non-slip drive belts
- Steel-hubbed ball bearing wheels
- Solid steel drive shafts
- Large, 3-quart gas tank
- Anti-vibration grip handles
- Optional crack cleaning attachment, perfect for cleaning out expansion joints, cracks in asphalt and is an ideal tool for seal coating preparation
- One-Year Commercial Warranty

*Little Wonder offers a selection of hard working engine models.
